

NNUF Management Team

Status

- EPSRC panel have recommended that a management grant be awarded to a team of Grovenor/Joyce/Livens
- This grant is to:
 - Oversee the NNUF2 projects and report problems with delivery to sponsors
 - Coordinate **light touch** 6 weekly reports, **more detailed quarterly** and **substantial** annual reports
 - Set up and operate an access system for use of NNUF facilities backed up with £6.5m of funding

Details

- Management team will report to a **Steering Board** chaired by EPSRC with BEIS membership
- Management team advised by **Management Group** drawn from EPSRC, industry etc
- Supporting administration posts will be recruited

Access Scheme

- To encourage the widest possible use of new facilities by students/postdocs from UK HEIs
- To encourage the best science using the new facilities, and high impact outputs
- To set up a quarterly application cycle
- First cycle starts April 2020.
