

Indo – UK Civil Nuclear Research Collaboration Network

Bill Nuttall, The Open University

Simon Walker, Imperial College London – Network “PI”

Amy Gandy, University of Sheffield

Aims of the Network

- To foster mutual awareness and contact between the UK researchers involved in the Indo-UK projects which started with “Round 1” in 2011.
- To share experiences of working with Indian laboratories and associated practicalities
- To identify and promulgate best practice
- To help facilitate linkages between UK and Indian researchers
- To help make the wider UK research community aware of the Indo-UK collaboration
- To help encourage other UK researchers to become involved

First Plenary Indo – UK Network Conference

Date: **December 19th & 20th 2016** - Starts and ends with lunch

Location: **Halifax Hall, Sheffield University** – advance registration required

Invitees: all previous and current Indo-UK Projects. Invitees will be given the chance to give presentations. Attendance by those planning to seek involvement in ‘Phase IV’ is also much welcomed – this is not an invitation-only event. However, please register promptly, as capacity will be limited.

Meeting Organiser:

Dr Amy Gandy (a.gandy@sheffield.ac.uk)

Registration, lunches, dinner and on-site accommodation will be provided for pre-registered delegates (The Network will pay).

Participants will cover their own travel costs. The Network will not reimburse delegate expenses.
